

PE is timetabled for both Year 3 classes on a Monday and a Thursday, although PE kits should be in school from Monday – Friday as there are some opportunities to have extra lessons if the timetable allows.

Please ensure that your child has the appropriate clothing for PE as per own uniform policy and that it is all appropriately labelled.

Attendance matters!

'Every day matters & every minute counts!'

The school target for attendance this term is 97%. Let's all work together to achieve this, this half term.

Important dates

End of Autumn Term – Friday 18th December

Contact details

If you have any queries or concerns, please speak to your child's class teacher at the end of the school day or please do not hesitate to contact us on the number below.

Homework

Year 3 homework is sent home every week. Spelling passports should be worked on weekly. The children are tested every week. The weekly maths and English homework will be set on Google classroom on a Friday and turned in by the following Thursday.

Daily reading is a vital part of homework.

It is expected that children read every night. Please ensure you fill in their home reading log to ensure that they receive their reading house points.

How many books can your child read this term? They can set themselves a target.

Learning times-tables is also crucial for your child.

Keep using Times Table Rock Stars!

Central CE Academy

Termly Curriculum Letter

Autumn 2 Term 2020

Year 3

Topic focus

This term our learning will be based on the theme of:

'New Stone Age to Iron Age'

How to help your child at home.

Please ensure you talk to your child about their learning. This helps develop their speaking and listening skills.

PE

We learn a country dance, ball skills and how to stay healthy.

-
-

Maths

Learning content

Developing our use of addition and subtraction.

Multiplication and division.

Developing use of informal and formal written methods of calculation.

MyMaths

Your child can access MyMaths remotely from home. This has fantastic games and tutorials to support and consolidate your child's learning.

Log in username: central1

Password: compass245

How to help your child at home.

- Playing games and chanting times tables regularly are key to your child's development in maths. Download a mathematical app to your child's device.

Adding numbers mentally and playing games whilst out shopping can really help to support your child's learning in school.

Geography

We will look at maps to develop their knowledge of the Stone Age focussing on Skara Brae.

Science

We will be learning through exploration about light.

Computing

We will design a poster as we develop our word processing skills.

We will be learning through exploration about light.
